

THIVIYANATH MAHESWARAN

SOFTWARE ENGINEERING UNDERGRADUATE

Kalubowila Colombo | thiviyath15@gmail.com | +94 077-064-9966 | github.com/Thiviyath/thivi.dev

PROFESSIONAL SUMMARY

Software Engineering undergraduate with hands-on experience in full stack development, database-driven systems, REST APIs, and business applications using Node.js, React, MongoDB, and Firebase. Strong interest in enterprise software, data management, and problem solving.

EDUCATION

BSc (Hons) Computer Science – (UOB) - Reading (July 2024 - Sep 2027)
SLIIT City Uni

Software Engineering Foundation Studies (Sep 2023- Dec 2023)
Informatics Institute of Technology (IIT)

KEY PROJECTS

Business Management & ERP System (Odoo ERP, PostgreSQL) (Feb 2026)
Developed a business ERP solution for inventory tracking, sales management, invoicing, tax-based workflows, reporting, and dashboard management. <https://github.com/Thiviyath/business-erp-system-odoo>

Ambience Studio Management System (Node.js, Express.js, MongoDB, Bootstrap) (Jan 2026)
Developing a full stack business management system with booking workflows, customer handling, authentication, and admin dashboard functionality. <https://github.com/Thiviyath/ambience-studio>

NeuroTouch AI – Gesture Controlled System (Node.js, React Native, Spring Boot) (Sep 2025)
Developed an AI-powered gesture control system using computer vision for virtual mouse control and presentation navigation. <https://github.com/Thiviyath/AI-Gesture-Control-System>

Portfolio Website (React) (Aug 2025)
Designed and developed a personal portfolio website showcasing projects, skills, and achievements. <https://github.com/Thiviyath/thivi.dev>

AI Smart Note App (React Native, Flask, Google Vision API)
Built an AI-powered note management app with semantic search and automated note extraction.

Real-Time Chat Application (Socket.io, Firebase)
Developed a scalable real-time messaging platform with authentication and backend integration.

TECHNICAL SKILLS

- **Programming Languages** : JavaScript, TypeScript, Python, C++, SQL
 - **Frameworks & Technologies** : Node.js, React, React Native, Spring Boot
 - **Databases & Tools** : MongoDB, GitHub, REST APIs, JSON/XML, Ubuntu Linux
 - **Business & Data Skills** : Database Management, CRUD Operations, Dashboard Development, Reporting Systems, API Integration, Workflow-Based Systems
 - **AI & Automation** : ChatGPT API, Hugging Face Transformers, Google Vision API
-

SOFT SKILLS

- Problem Solving
 - Communication
 - Teamwork
 - Analytical Thinking
 - Adaptability
-

ACTIVITIES & ACHIEVEMENTS

IEEE Xtreme Programming Competition

Participated in a 24-hour global programming competition focused on algorithms and problem solving.

IEEE Electroverse Technical Robotics (RAS) Workshop

Volunteered in technical activities, event coordination, and participant engagement.

CERTIFICATIONS

- IEEE Electroverse Technical Robotics (RAS) Workshop Volunteer
 - Google Data Analytics Professional Certificate (In Progress)
 - IBM Data Analyst Professional Certificate
 - IEEE Xtreme Programming Competition Participant
-
